COMPANY PROFILE & INFORMATION

**RGC Construction Ltd was formed by,
Mr Robert G Colbourne & Mrs M J Colbourne in November 1989.**

RGC is a family run business based in Newbury, which handles a vast range of commercial/domestic projects for local authorities, housing associations and schools. Since 1989 the company have carried out contracts including Residential & Housing, Local Authorities, Educational and New builds.

The company enjoys a formidable reputation for efficiency, reliability and high standards of work. Most of RGC's work is in the public sector. Local authorities and housing associations looking for reliable building companies turn to lists carefully vetted businesses whose work can be relied upon.

RGC is currently run by directors Robert Colbourne and Mary Jane Colbourne. The director's knowledge and experience in the building industry and RGC's reputation secures work with clients and others known to them for many years.

All RGC site employees, Directors, Contracts managers & Site Management are all CSCS approved.

"People have confidence in us; it's about delivering a reliable and quality service" –

R.Colbourne, Director

RGC CONSTRUCTION LTD. ENVIRONMENTALLY FRIENDLY “*GREEN*” CLEANING PRODUCTS

RGC Construction Ltd has recently started to use an economically friendly “Green” product that is currently being used in America.

GEMTEK® is quickly becoming a single resource for industrial, commercial and retail users by providing a broad range of plant-based cleaners, solvents, lubricants, metalworking fluids and specialty chemicals. From aircraft cleaner to hydraulic fluid, **GEMTEK®** continues to research and develop its product formulations from naturally renewable resources. Not only is **GEMTEK®** committed to producing effective, non-toxic and environmentally safe products, it is also committed to the revitalization of rural farming communities. By using plant-based chemistries, **GEMTEK®** helps add value to crops. Sustainability and the effective use of renewable resources are the basis for all **GEMTEK®** products. Additionally, industrial, commercial and retail users benefit from using **GEMTEK®** products because they help:

- Reduce regulatory problems
- Reduce the need for special permits
- Reduce compliance penalties
- Reduce waste water and air pollution
- Reduce or eliminated VOCs
- Reduce freight cost premiums
- Reduce disposal costs

Products are:

- Non-toxic
- Non-reactive
- Non-carcinogenic
- Readily biodegradable
- Derived from renewable resources
- Safe to use, store and dispose of

“Safely Cleaning Planet Earth®”

Church Building Wall before clean with
Eco friendly products

Church Building after Eco Clean.

Products do not contain:

- Petroleum distillates
- Glycol ethers
- Terpenes
- Chlorines
- Ammoniates
- Aldehydes
- Silicones
- Phenolics
- Synthetics

ENVIRONMENTALLY FRIENDLY PROJECT.

The Organic Research Centre, Hampstead Marshall. **Phase One and Two.**

RGC promoted the use of environmentally friendly materials for the projects for Phase one and two at the Organic Research Centre.

All bricks and tiles were cleaned and re used from existing building. Materials used were all eco friendly. ****Please see Material list to the right.***

Environmentally Friendly Materials Used at **The Organic Research Centre, Elm Farm.**

- **Solar Sun Vent Pipe** – Natural source of light, with built in solar powered extractor fan.
- **Underfloor Heating** – This is powered by the ground source heat pump and is very economical way to provide heat for the building.
- **Recycled Glass Floor Screed** – Which has been polished, sealed and left as the final floor finish.
- **Rainwater Harvesting System** – This system is a large storage tank and is pumped back to the toilets for use in flushing.
- **Ground Source Heat Pump** – This environmentally friendly product will reduce fuel bills to the building.
- **Sheep's Wool Insulation** – The environmentally way to insulate buildings.
- **Solar Panels** – The solar panels have been installed to heat the domestic water supply. I.E – washbasins, sinks etc...
- **Paints** – All paints used on this scheme were supplied by ICI eco paints.
- **Carpet tiles to 1st floor** – linea carpet, supplied by Joseph Hamilton Seaton.
